

ARTICLE 10 SUSTAINABILITY-RELATED DISCLOSURE

The SFDR Article 10 website product disclosures for the following alternative investment funds ("AIFs"):

- (i) BC Partners XII LE – 1 SCSp; and
- (ii) BC Partners XII LE – 2 SCSp

(each an "AIF" and together the "AIFs") are available on our dedicated investor portal.

Each AIF has its registered office at 18, rue Erasme, L-1468 Luxembourg, Grand Duchy of Luxembourg and is registered with the Luxembourg Trade and Companies Register (Registre de Commerce et des Sociétés).

The AIFs promote an environmental characteristic but do not have sustainable investment as their objective. They promote sustainability through the integration of the environmental characteristic listed below into their investment strategy:

- BC Partners XII shall seek to support portfolio companies to (i) reduce the greenhouse gas emissions ("GHGs") they produce, and (ii) decarbonise their operations, through the implementation of measures or initiatives aimed at enhancing operational efficiencies and the resilience of their business models in order to mitigate the potential financial effect of increased energy costs and/or pricing of GHG emissions. BC Partners XII will seek to realise risk-adjusted returns while enhancing the climate resilience of its investments.

Such disclosures have been published in full along with the relevant fund-related documentation in a data room, where they are made available to prospective investors.
